

Reference Letter for Danika le Roux

To whom this may concern,

From: Jan Davel, CEO of Lumina Information Technologies (PTY) Ltd

It is an honor and pleasure for me to do a reference for Danika le Roux.

Danika is a very kind person with a hunger and willingness to learn.

She is very patient with customers and understands the IT concepts discussed with ease.

It is easy to work with her because of her willingness to help solve client queries.

She job shadowed with me on the 18th & 20th of March 2024.

In our consultations, Danika learned how to build network cables and how the network infrastructure works with some of our clients including Domain networks, peer to peer networks and cloud networking.

She has also observed and assisted in desktop support, remote work and assembly of hardware. On one of her days of shadowing we installed and setup a new domain server in a cabinet for one of my clients.

Danika was a pleasure to have on my team for these few days and I personally think she will be able to make a success as an IT specialist if she keeps her willingness to learn.

A handwritten signature in black ink, appearing to be "JD", written over a horizontal line.

Jan Davel (081 424 5012)
